I have the honour to be,

Sir,

Your most obedient, humble Servant,
J. CHAMBERLAIN.

The Officer Administering
the Government of Canada.

Enclosure to Circular dated 1st November, 1902.

His Majesty's Chargé d'Affaires at Rome has sent to the Foreign Office the Law regulating entry, without payment of the ordinary fee, to the national museums, galleries, excavations and monuments of Italy, which has been approved by the Royal Decree of the 13th April, 1902.

The privilege of free entry is by the Law accorded to foreigners who are—

- (a) Artists.
- (b) Art students and art critics who have issued noteworthy publications.
- (c) Professors of Archaeology, History, Literature, and Art.
- (d) Pupils of archaeological, historical and art institutions; students in the departments of literature and philosophy, and in schools of practical engineering.

Applications for a general permit for free entry to all museums, &c., must be sent to the Ministry of Public Instruction on stamped paper of 1 lira 20 c., with an unmounted photograph (of the applicant) not to exceed 5 centim. by 8 in size.

Applications for free entry to archaeological and artistic institutes in a single town must be sent on stamped paper of 60 centimes to one of the heads of the institutes; and if the permit is required for more than a month, a photograph must be sent of the size mentioned in the preceding paragraph.

The applications must be accompanied by the following documents:—

For persons under (a) and (c), by an academical document *visé* by the Italian Diplomatic Representative or Consul in the country to which the applicant belongs, or by the Diplomatic Representative of that country in Italy.

For persons under (b), by one of the publications which they have published.

For persons under (d), by an official document showing that they stand on the books of the institutions, mentioned under that heading, for the year in which they apply. The document must be *visé* as in the case of the documents furnished by persons under (a) and (c).

As His Majesty's Diplomatic Representative at Rome is not always in a position to authenticate without previous inquiry documents issued by institutions in the United Kingdom, art students, &c., are recommended to have such documents countersigned by the Italian Consular officers in this country before leaving.
